RAIL CHIEFS SAY STRIKE IS ENDED

Move to Revoke Charters of Chicago Locals

TUBE MEN STILL OUT

Detroit Will Attempt to Resume Switching Operations With Volunteers—Grunau Again Arrested.

The nation wide railroad strike apparently has collapsed.

Except in a few isolated sections, railroad officials reported last night the bulk of the men who followed the leadership of John Grunau, a Chicago trainman, had returned to work. Normal passenger service was virtually restored, they said, while substantial progress had been made in moving the vast amount of freight that has been accumulating through out the country, especially in the East, during the past three weeks.

In Chicago, the original strike center, railroad officials reported the strike had lost its effectiveness, while brotherhood chiefs declared action would be taken today towards revoking the charters of locals whose members refused to return to work by midnight Saturday. Not more than 2,000 men are reported to be out there by railroad officials, although these figures were disputed by Grunau, who claimed the strikers' ranks were unbroken and that a meeting of outlaw union heads from all sections of the country would be held there today to make plans for continuing the strike.

In the New York district it was apparent that most of the strikers, whose numbers were variously estimated from 4,000 to 20,000, had returned. Two thousand employes of the Hudson Tubes, which carry thousands of commuters into New York daily from Northern New Jersey points, were the only united and important hold outs. The tubes have been closed to passenger traffic since the men walked out, April 9.

In Detroit an attempt will be made today to resume switching operations with volunteer crews recruited from the ranks of idle factory workers. In Cleveland all local freight terminals, with the exception of the New York Central Collinwood yards and the Erie Railroad, were still tied up, but passenger service through the Union Station was normal.

Return today of several hundred Baltimore and Ohio trainmen of the Connelssville-Pittsburgh division is expected to mark general resumption of freight service in that district. A few Pittsburgh terminal men are still out.

Virtually normal conditions were reported in the Buffalo, Toledo and Philadelphia districts, where the majority of the strikers had already returned to work. Strenuous efforts were made last night to break up the strike in Columbus, Ohio.

Warrants for the arrest of John Grunau, head of the Chicago Yardmen's Association, and nine of his lieutenants were issued today. The warrants were returnable before United States Commissioner Mason. It was expected all the men would be in custody by tonight.

CARDINALS VICTORS

A beautiful day, immense crowd, and a win greeted the Cardinal Athletic Club baseball team on their opening day yesterday when they defeated the strong United States Naval Hospital nine by the following score; Cardinals 20; Naval Hospital, 5.

There is a class of baseball players who often get their heads inflated like a toy balloon, which will explode when it gets full, and imagine themselves superior to others, was proven yesterday that there are many other fine players in the world, when the Cardinal's new players showed the fans that they could hit the ball hard, field their positions in grand style, run the bases with the fleetness of deer, and get the runs over the plate that win ball games.

Ludwig, late of the University of Wisconsin who was selected to do the pitching for the Cardinals, had steam enough to run a locomotive and allowed the "doctors" but one hit in seven innings, and he rapped the ball hard for good measure. In the absence of "Teddy" Schaeffer, "Babe" Payne was assigned to do the receiving and performed well during his stay. "Speed" Jones, who has been assigned to the Virginia State League, by President Clark Griffith, of the American League Washington Club finished the game for the Cardinals and had many nice compliments paid him for his classy twirling. "Submarine chaser" John Nugent was behind the bat for two innings and made a creditable showing.

The grand fielding and batting of George Allensworth, Strunkle, Alexander, Frank Owens, Larry McLean, Purdy, Hollingsworth, Freeman, Streeks, Grissom and Jim Sweeney, who played during game won the admiration of all who witnessed the game.

The Naval Hospital team is an excellent one, but the Cardinals heavy hitters were too strong for them.

Johnny J. Jones Now in the City

"Biggest Show on Earth" to Exhibit Here This Week.—Many New Attractions This Season

Johnny J. Jones' special train has arrived here with the "Bigest Show on Earth."

"The last line may sound extravatant," says Ed R. Salter, the publicity promoter for Johnny J. Jones, "But when we arrive in any city, and start to unload 37-foot flat cars, there is nobody present to dispute my statement."

And what a reception awaits Johnny J. Jones in every city he visits! His career has certainly had a tendency to make one believe the fairy story of "Alladin's Lamp" was in truth a reality. Just imagine, only a few short years ago this diminutive Welshman was a newsboy on the streets of Dubois, Pa., then a coal miner, next we see him as a news agent on the railroad trains, then presto, he exhibits one of the largest outdoor amusement entertainment in all North America.

"Johnny J. Jones" continues Mr. Salter, "has been sucessful enough in his chosen profession to have established, entirely through his individual efforts and personality, what I, as a press agent, would state as the most colossal and gigantic amusement enterprise the world has ever been enlightened with. Florida I know takes great pride in the knowledge that Johnny J. Jones Exposition makes that state his winter home, and it's quite excusable in her citizens to feel a bit chesty when they are fully cognizant of the fact that the most complete and wonderful aggregation ever built for amusement purposes, and which is the choice of all the biggest and best state fairs, expositions, exhibitions ,etc., is fostered and nourished in its infancy in their own state.

"Johnny J. Jones Exposition it was thought by many to have reached the zenith of its career with the remarkable list of attractions, and and the phenomenal route extended to it last season, but for the coming year a much better route has been contracted for, and a visit to the Alexandria Elks Spring Festival at Baggett's Field this week, and a view of the Joy Plaza will convince any spectator that Johnny J. Jones Exposition of 1920 discounts last season by 100 per cent in every department.

"The most noticeable feature is the fact that almost all of the attractions exhibited this season will be new, and while the Joy Plaza is distinctively conceived and constructed for amusement purposes, however, there is presented a vast amount of entertainment that is instructive educationally, and most interesting from an historical standpoint. And as Salter was leaving he remarked, please Mr. Editor impress it upon your readers not to confound the Johnny J. Jones Exposition with the so-called "carnival show" that have been exhibiting here lately. Johnny J. Jones gives an entertainment "Fit for the entire family."

THREE YOUNG WOMEN KILLED BY TRAIN

Party Returning From Service of Young People's Union

AUTO IS SHATTERED

Cow-Catcher of R., F. and P. Passenger Train Carries Its Human Freight Distance of 100 Yards.

Richmond, April 19.—Three persons were killed, two instantly, and two others were injured, one seriously, when northbound Richmond, Fredericksburg and Potomac passenger train No. 68 struck an automobile at Glen Allen last night about 9.15 o'clock

The dead are:

Miss Adelaide Broaddus, aged 14, Glen Allen.

Miss Marguerite Dunnavant, aged 23, Richmond.

Miss Elizabeth Scott, aged 25, Tappahannock, Essex County.

The injured are:

Miss Evelyn Jones, aged 25, Baltimore.

Alfred Broaddus, aged 17, brother of Miss Broaddus, Glen Allen.

The party was returning to their homes after attending a meeting of the Baptist Young People's Union at the Glen Allen Baptist Church. They were riding in a Ford limousine along Mountain Road, which skirts Glen Allen. As they neared the Richmond, Fredericksburg and Potomac railroad station, train No. 68, which left Richmond at 8.15 hove into sight.

One account that reached Richmond last night said that another automobile had stopped to await passing of the train, which is said to have been going at a moderate rate of speed. Young Broaddus, according to report, attempted to cross the track ahead of the onrushing locomotive.

As the automobile bearing its precious load of human freight got athwart the rails it was struck by the locomotive. It was smashed into kindling wood and twisted steel and iron.

The cow-catcher of the engine picked up its human freight, two of the occupants of the automobile being already dead, it is believed, and carried them a distance of 100 yards or more.

Townspeople, attracted to the scene, rescued the living from among the dead. Miss Jones, conscious and hysterical, was borne from the engine's pilot. On either side of her was the body of a dead companion. They were Miss Scott and Miss Broaddus.

Miss Dunnavant, fatally injured, was found alongside the track, unconscious. She was taken into the home of W. Conway Saunders, secretary of the Virginia State Fair Association, by A. G. Nicholson, manager of the Gibson Motor Company, a Richmond concern, who was spending the week-end with Mr. Saunders, and others, where she expired within fifteen minutes.

ENGINE AND TRUCK IN AN ACCIDENT

Both Damaged by Collision at King and St. Asaph Streets

INJURE THREE AUTOS

Men in Charge of Apparatus Escape With Minor Injuries—Large Crowd Gathers.

Considerable excitement was caused in the neighborhood of King and St. Asaph streets shortly after twelve o'clock this afternoon by a collision at that intersection of the Reliance Engine No. 5 and Relief Truck, No. 1.

An alarm of fire had been sounded, and the Reliance and Relief apparatus were making a quick response. The latter had reached St. Asaph street, where it was about to turn and proceed north, when the Reliance engine, proceding east, raeched the intersection and collided with the Relief truck. Some of the crew of the latter jumped when they saw the collision was inevitable.

The Reliance engine was somewhat damaged by the accident, and one of the ladders of the Relief was broken and the frame of the truck bent.

Three automobiles, belonging to Reed and Perkins, R. L. Norfolk and Abe Mendelsohn, which were standing on King street, were damaged by the fire apparatus striking them in the collision.

TWO WOMEN SLAIN

Mrs. John Burkhardt, 71, and Daughter Murdered at Martins Ferry

Martins Ferry, Ohio, April 19.—With their heads crushed and throats slashed the bodies of Mrs. John Burkhardt, 71, and her daughter, Lilly Burkhardt, 40, were found in their home here yesterday. Police believe robbery was the motive for the crime. Mrs. Burkhardt was said to be wealthy.

Neighbors who called at the house discovered the bodies in a second-floor bedroom. The women were fully dressed. The bodies lay side by side on the floor.

Mrs. Burkhardt's skull was crushed, apparently by a blow from a heavy club. Her daughter's face had been beaten almost beyond recognition. Nobody was seen to enter the house during the morning, police said.

The women apparently had been dead several hours.

GRAND THEATRE

A western drama with a thoroughly modern setting and decidedly new "twist" to the plot is to be found at the Grand Theatre tonight. This is "Nan of Music Mountain," which was prepared for the screen by George Melford of Paramount, with handsome Wallace Reid as the star. There are adventures and thrills a plenty and a story that will be remembered by many as the serial by Frank Spearman that ran in "Everybody's Magazine" recently with such success Also chapter 9 "Trail of the Octopus."

COMMENDS ACTION

(Communicated)

The action of the Fairfax County officials in putting a ban on the speedster and reckless driver over the military road to Accotink and making a limit of 20 minutes per hour, will certainly be a great relief to many motorists.

Hundreds of citizens, owners of automobiles and in every respect law abiding, derive the greatest pleasure in company with their families and friends in taking a few hours run, especially on a pleasant Sunday afternoon and over such a road bed and in a majority of instances is proobably the only opportunity during the week owing to the daily grind of business.

Now that these runs can be made with a degree of safety and pleasure I feel that the highest praise should be given our neighbor officials and also in selecting such an efficient and capable road officer as Mr. Robert A. Long.

A gentle voice said come,
And with farewell unspoken,
She calmly entered home.

THE SHORTAGE OF FOOD

Alarming reports of decreased food production due to scarcity of farm labor have been made by Senators and members of the House who have recently returned to the capital city.

Senator Ellison D. Smith, of South Carolina, just back from a trip through the South, predicts that the country will soon be face to face with the most serious food famine in history. Thousands and thousands of acres hitherto given over to the production of foodstuffs are lying idle and unfurrowed in the States he visited.

Similar reports have been made by Senator Capper, of Kansas, and Senators from others of the great food producing States.

Senator Smith declares that while the amount of farm labor last year was only 84 per cent of the normal, this year it is only 72 per cent of normal, and is of an age and character which are not conducive to the highest productivity.

The only remedy in Senator Smith's opinion, is for the manufacturers of articles not classed as necessities to suspend operation for a time and permit the labor to go back to the farms.

The Baltimore Sun in a suggestive picture, in which an unnumbered multitude has congregated ready to devour five loaves and two fishes in possession of a child, places the following under the cut:

"And it came to pass that the multitude coming upon the hour of meal time began to take stock of themselves whereof they might eat. And those among them who did work by the sweat of their brow to produce the essentials of existence were as seven, and those who cared not a whoop for production, neither did they toil to the end that they might eat but that they might "get by with it" were as seventy times seven. Now therefore it came about that there was found among all the multitude but five loaves and two fishes with which to feed them. Which without the assistance of a miracle is nowhere near enough—hence the tumult."

The Romans of old, at times, found themselves face to face with conditions which now confront us. Farmers were exempt from taxes or military service when they agreed to remain in the rural districts and labor for increased production of life's essentials.

DRIVE AGAINST LOAFING

A drive against loafing has been inaugurated by the sheriff of Leon County, Florida, who has just caused the posting of placards throughout his jurisdiction warning unemployed to accept employment or suffer arrest and prosecution under the vagrancy laws. The demand for labor is heavy and a vigorous drive against loafing will be enforced.

The Fredericksburg Ledger fifty years ago called attention to the fact that some forty or fifty young men of that town who were out of employment signed up to work on the Alabama and Chattanooga Railroad at $1.75 per day.

The young men referred to were probably members of what had been regarded as well to do families before the civil war. They had returned to their homes after having served in Confederate army to find blackened walls. Fortunes had been swept away during the four years' conflict, and they wanted employment. These noble sons of the Old Dominion did not adopt Mr. Micawber's tactics—something to turn up—but sought work and found it. Had the "Over-the-Hill Club" been in existence in those days they would doubtless have been members.

WILL PAY FOR HIS FUN

A white man arraigned in the Richmond police court Saturday on the charge of using an automobile belonging to another man, without permission, was sentenced to serve 90 days in jail and fined $150 by Justice John Crutchfield.

One night last week an automobile, containing four men, was seen rushing through one of the Alexandria streets at a high and dangerous speed. Policemen attempted to stop the machine, but the man at the wheel paid no attention to them and, it was stated, attempted to collide with the officers, the latter being compelled to jump aside to avoid being struck. They managed, however, to get the number of the automobile as well as the name of the owner. He was cited to appear in the Police Court to answer the charge of violating the speed law. When the man faced the bar he alleged he was not in the machine when it was being operated at an unlawful speed. He also said he did not know who were the occupants at the time. Those in charge of the garage in which the auto is kept gave no information upon which the court could base a decision, and it was decided that the owner of the car would be held responsible if he failed to furnish the names of the men who had it in charge. He was told to visit the garage in which his machine is kept and ascertain who was allowed to take the car. This he failed to do and paid ten dollars fine.

STEAMSHIP IN DISTRESS

The announcement elsewhere in the Gazette of the precarious condition of one of the steel steamships recently constructed by the Virginia Shipbuilding Corporation at Alexandria will be read with regret by every resident of this city. It was the earnest prayer of all who witnessed the launchings of these ships that Father Neptune would allow no mishaps to them. But, according to dispatches, one of the Alexandria-built vessels, the E. A. Morse, is in distress three hundred miles west of Sandy Hook, and is sending out "S. O. S." calls for assistance.

Seven of the eight steel ships constructed at this port are now in commission. While one or two have had thrilling experiences in crossing the Atlantic, this is the first time anything serious has occurred to the Alexandria ships.

KILLS DOCTOR IN CHURCH

Bolshevist Shoots James W. Markoe in St. George's New York

New York, April 19.—Firing a revolver toward the altar as he stood amid the congregation of St. George's Church yesterday just after the collection had been taken, Theo. W. Shelley, maniac and self confessed Bolshevist, sent a bullet crashing through the brain of Dr. James W. Markoe, personal physician to J. P. Morgan and a vestryman of the church.

Dr. Markoe fell dead in the aisle.

Panic ensued immediately and there was a wild stampede toward the doors. Brandishing his pistol, Shelley ran to the nearest door and waving his weapon at the people warned them to keep away.

Dr. George E. Brewer, noted surgeon, who had been passing the collection boxes with his fellow vestrymen, disregarded the warning. He advanced upon the maniac and was shot in the leg. He, too, fell in the aisle, but almost immediately recovered his feet and notwithstanding his wound hurried toward Shelley. Dr. Brewer was joined by William Fellowes Morgan, president of the Merchants' Association, and together they seized the assassin, delivering him to detectives who had been attracted by the gun fire and the screams of hysterical women worshippers.

Shelley grew restless during the taking of the collection, and leaped to his feet, jerked a gun from beneath his left arm pit and shouted: "Down with the church! Down with wealth! Down with America!"

Shelley told the police he had escaped from the Fergus Falls, Minn., insane asylum and had been working as a printer.

APPEALS TO ASSESSORS.

State Auditor Moore Asks Officials to Do Their Duty.

Richmond, April 19.—State Auditor C. Lee Moore is mailing to commissioners of revenue throughout the state complete and comprehensive instructions with regard to the assessment of taxes for the current year. The instructions are contained in a pamphlet comprising 82 pages, reciting the revenue laws of the state, and the methods prescribed for assessments, and also an opinion of Attorney General John R. Saunders relating to the income tax law and the exemptions that may be allowed heads of families, and others.

The auditor calls attention to the fact that during the year ending December 31, 1919, increase in salaries and wages would indicate that there are many unmarried persons, white and colored, whose incomes exceed $1,200 per year, the exemption allowed, who should be required to make an income return and pay the tax on the income. Commissioners of revenue are cautioned to ascertain and assess such incomes. Taxes paid or to be paid to the United States government cannot be deducted in determining the incomes to be taxed by the state.

Heavy penalties are imposed by law, the auditor reminds the assessing officers, both on the commissioners for making improper assessments and on the taxpayer who renders a false list of his property or income. The commissioner is liable to a fine of $500 for receiving answers not sworn to, and is liable to a fine of $50 for failure to administer the oath. The taxpayer making a false list must pay double the amount of the taxes and costs, together with a fee of $5, which is a lien on his property.

In a letter accompanying the circular of instructions Auditor Moore states that the general assembly, recently adjourned, materially increased the compensation to be paid commissioners of revenue by the state and by the locality. It now develops upon the assessing officers, he warns them, to respond to "this fair, just and considerate treatment" by giving their entire time, thought and capability to the work, to the end that a fair, complete and uniform assessment of the subjects of taxation, and of the taxes, state and local imposed thereon may result.

penalties for failure to perform these duties.

Fines, forfeits of commissions and removal from office, he adds, are the

STRIKE END FREES FREIGHT.

Longshoremen Settle With United Fruit and New England S. S. Lines.

New York, April 19.—The strike of 4,000 longshoremen against the United Fruit Company, in effect from Boston to Galveston, has been settled. The men returned to work today.

A condition of the settlement is discharge of all "strikebreakers." Wages and other terms of the new contract were agreed upon.

Settlement of the United Fruit Lines strike followed closely agreement of men to return to work on piers of the New England Steamship Sound Lines today. The issue between the unions and the Mallory, Southern Pacific and other Atlantic coast lines has not be adjusted, but negotiations may soon lead to a settlement.

The longshoremen's strike, begun over six weeks ago, has resulted in almost a complete tie-up of coastwise shipping at Atlantic and Gulf ports. During the strike the Old Dominion Line has sold its vessels and the service, an official said, has been abandoned.

FATAL CAR CRASH.

Motorman of Special Carrying Students Crushed to Death.

Northampton, Mass., April 19.—One person was killed and twelve injured, including six Smith College students, late yesterday afternoon, in a head-on collision between a special trolley car carrying fifty college girls and a Holyoke-bound car on the Holyoke-Northampton line.

William Keating, motorman of the special, was crushed to death in the vestibule of the car. The cause of the accident has not been determined, but it is understood the block signal system failed to operate properly.

The passengers in both cars were tossed from their seats, many of them through windows. In the confusion many of the girls received slight injuries.

MURDER CONFESSED.

Steubenville, Ohio, April 19.—Harry Miller, twenty-six years old, Akron, is in custody here, while police were trying to verify his alleged confession to the murder of Francis South, eleven years old, near Adena about a month ago.

Miller was arrested in a little church at Beach Bottom, W. Va., last night during a revival meeting. When the Rev. John Miller called for sinners to come forward, Miller, it is said, started down the aisle with arms outstretched, crying:

"God have mercy on my soul! I killed the little girl at Adena."

Miller, according to witnesses, said he beat the child with a revolver because "she said mean things to me."

DEATH OF MRS. T. B. BYRD.

Was Daughter of Late Maj. Daingerfield Lewis, and Wife of Son of Richard Evelyn Byrd.

Winchester, April 19.—Mrs. Margaret Lewis Byrd, thirty years old, wife of Thomas Bolling Byrd of Winchester, died yesterday at Charlotte, N. C., following an operation performed several days ago. She was a daughter of the late Maj. and Mrs. Daingerfield Lewis, and was born at "Audley," the old Nellie Parke Custis home, near Berryville, Clarke county. She married Mr. Byrd in New York in 1917, shortly before he sailed with American units overseas, where he served as captain of infantry.

A deal transferring to the Tubize Fiber Silk Company, a corporation capitalized at $7,000,000, a tract of land at Hopewell has been completed, according to an announcement made by officials of the Dupont Chemical Company.

Mystery surrounds the finding of the body of Horace P. Nock in a woods near Tasley fair grounds, following an absence from his home of more than two months. Nock was 62 years old, a prominenet merchant and barrel manufacturer of Tasley. Two months ago he left his home to catch the midnight express train from Tasley station. He was known to have carried a large sum of money before leaving home and had also drawn $400 from the Tasley bank a few days before his departure. None of this money can be located.

Almost forty miles—the distance between Culpeper and Luray—is the record of a day's travel by Philip Miller, of Page county, 94 years old. He appeared untired when he arrived at Luray yesterday. For years he has been regarded as an authority on the medicinal qualities of herbs, growing in the Blue Ridge. He has traveled thousands of miles in hunting these herbs for which he finds ready sale.

A remarkable demonstration of the power behind the new American La France fire engines was given in Richmond Saturday, when the newest of the engines received by the fire department amazed hundreds of citizens who had gathered at the corner of Ninth and Main streets to witness the demonstration by throwing a stream to the sixteenth floor of the First National Bank building, which is five stories above the top of the Mutual building. The stream went at the rate of 1,050 gallons a minute.

Blue denims, fatigue garb of the fighting doughboy during the war in work of camp, field and trench, will be invoked Tuesday night at the City Auditorium as the savior of Richmond in the fight against the high cost of living. Thousans of citizens are expected to enroll "for the duration" in the Old Clothes and Overalls Club. Overalls will be the watchword and emblem of the night. Governor Westmoreland Davis has been requested by R. W. Merchant, organizer of the movement, to don a pair of the most approved Loudoun pattern and come to the auditorium prepared to lead a concerted onslaught against profiteering in clothes.

Kneeling at the altar while being received in the Seventh Street Christian Church, Richmond, yesterday, Preston H. Cobb, 49, died instantly. The Rev. H .D. C. Maclachlan was in the act of pronouncing him a member of the congregation, when Cobb reeled and fell into the aisle, a corpse. Heart disease is given as the cause of the sudden death.

Mrs. Virginia Pegram McIntosh, widow of Col. David Gregg McIntosh, died in Baltimore yesterday. Mrs. McIntosh was the daughter of the late Gen. Londonderry in Grip of Riots as Civilians Attack Clubhouse

Dublin, April 19.—The town of Londonderry was in the grip of violent riots for four hours Saturday night. A mob of civilians attacked a soldiers' club and a battle royal ensued. The troops barricaded themselves and beat off charge after charge until the police came to reinforce them.

Two hundred soldiers marched out and cleared the streets, but a mob attacked barracks in another quarter of the city. Many shots were fired. Eleven persons were removed to hospitals.

I Don't Believe In That

Do you know that one of my patients tells me that such was the answer received when he suggested that a sick friend try chiropractic—Being questioned the friend admitted that he did not know what chiropractic was. Here you see was a case of condemnation before investigation. But such is the world, always was, it used to be flat once, flat as a pan cake—A medical doctor of several years experience was losing his little 6 months old boy, dying with the Flu, in spite of several medical men in Washington, called in consultation—Three days and nights the little life hung in the balance, medical skill had failed. The father had heard what he considered absurd claims of what chiropractors could do in cases of flu and pneumonia; but his own little boy was dying, his own baby—He called a chiropractor and wonders of wonders, in a couple of days the baby was fast on the road to health—Did this open the doctors eyes? Yes, he went and took a course in Chiropractic, is now practicing that science, absolutely without medicine and is building up a magnificent practice in the city of Washington. There is no one so blind as he who will not see. But when a call for a life of some dear one comes right home, ethics and prejudice must go. I am here to accomodate the people of Alexandria.

COAL, LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.
